**TECHNICAL DATA**

Description

**SportPlay Mat** safety tiles are a 1" thick resilient and skid resistant safety tile that softens areas requiring minimal fall height protection.

**SportPlay Mat** safety tiles are manufactured from 100% post-consumer waste tires and provide an exceptionally durable, safe, low maintenance option to bare concrete or other hard surface materials.

Uses

**SportPlay Mat** safety tiles are ideally suited to improve the beauty, comfort and ease of maintenance in various environments including daycare centers, fitness centers, retirement homes, home gyms and more.

Advantages

- **SportPlay Mat** safety tiles are Certified to ASTM F1292 for head impact attenuation at fall heights of 2 feet.
- **SportPlay Mat** safety tiles are ADA compliant and meet ASTM requirements.
- **SportPlay Mat** safety tiles are water permeable providing a fast drying surface that easily permits surface water to properly drain.
- **SportPlay Mat** safety tiles are environmentally friendly, molded from 100% California recycled waste tires diverting as many as 2.5 tires per tile from our landfills.
- **SportPlay Mat** safety tiles are safe for our children containing no toxic materials and certified to be 100% steel free.
- **SportPlay Mat** safety tiles are have a very smooth top surface providing comfort to bare feet, hands and elbows while maintaining exceptional skid resistance whether wet or dry.

Advantages (Continued)

- **SportPlay Mat** safety tiles are modular in design making them easy to install over concrete and asphalt.
- **SportPlay Mat** safety tiles are easy to maintain requiring only basic cleaning with a broom, vacuum or water hose on a regular basis.
- **SportPlay Mat** safety tiles come in a variety of colors providing a multitude of design options to meet any need.
- **SportPlay Mat** safety tiles are backed by the industries leading manufacturer of rubber molded safety tiles and accessories and come with a 5 Year Limited Material Warranty.

- **SportPlay Mat** playground and athletic tiles are available in a variety of pigmented crumb rubber as well as virgin EPDM color selections providing a wide selection of color options to meet the most demanding design needs.

*EPDM colored tiles must be fully adhered to a stable, hard substrate.*

**Product Specification**

Tile Size: 23 7/8" x 23 7/8" ±1/8"  
 Tile Thickness: 1"  
 Tile Weight: 15.75lb

**NOTE:** Recycled Rubber Tiles will expand and contract with changes in UV Exposure and Temperature. Size tolerance is measured at 72° Fahrenheit.

- **SportPlay Mat** playground and Athletic tile accessory pieces are available to complete your installation. Options include:  
 - Ramps

*Accessory pieces are available in limited color options. Refer to the SportPlay Mat Color Selection Chart for options.*

**Physical Properties**

Characteristic	Test	Result
Least Favorable Impact Location	ASTM F129	PASS
Accessibility:	ASTM F1951	.31 F / .34 S

- **SportPlay Mat** tiles can be installed over asphalt or concrete (best) in both floating or glue down applications.

**Head Impact Attenuation**

Product Thickness:	Certified Height:
1.00"	2 feet
